Dangerous
CHRISTIANITY

LOWER PACIFIC DISTRICT ANNUAL CONFERENCE

March 3-4, 2023

MILL LAKE CHURCH
33218 MARSHALL RD, ABBOTSFORD

Dangerous Christianity. Imagine Moses confronting Pharaoh with God's command, "Let my people go!" Imagine David staring down the giant, Goliath, or Deborah leading God's people against the Canaanite army with nothing but God's promise in her heart. Imagine Paul and Silas beaten and wounded in prison singing hymns to God.

Dangerous Christianity is not comfortable. It is not easy. It faces the hardships and trials of life with the promise of God, built on the solid foundation of His Word. It is not popular. It may not always make sense. It is dangerous.

We live in a world where God's Word is no longer an authority and a world that no longer makes sense at times. We find our faith sometimes on the line, and our beliefs don't always fit in.

Our conference aims to challenge Christians in our district, church staff and lay leaders, to step out of our comfort zones to a more challenging and faith-filled walk with Jesus, to become Dangerous Christians living a Dangerous Faith in a scared and broken world looking for hope.

FRIDAY AFTERNOON WORKSHOPS

WORSHIP

An interactive workshop focusing on both spiritual and practical skills needed to develop a worship set for Sunday worship: including choosing songs, musical arrangements, building a worship team.

PASTOR AND BOARD RELATIONSHIPS

A workshop to help develop good relationships between pastors and their boards: How to work through disagreement or conflict; How to encourage and build one another up; How to work as a team; How to mend broken relationships on a Board.

YOUTH PANEL

FOR EVERYONE: How do you become a youth-friendly church? Why should you become a youth-friendly church? If you are an older-generation church with no young people, how and why should you support a local youth program?

Come and meet our panel of youth pastors/leaders who will be sharing some of the unique needs and challenges of youth outreach and ministry today.
